Money requests from school

We require a formal submission from school for proposed planetarium expenditure - proposed cost £1000 for two days - waiting to hear back from the school if they require this to go ahead.

Can we request that the school have a more long term financial projection - what they need from us financially - can it be more transparent what they money has been spent on you.

Give reasons for the event - i.e. School would like workshops to come in and the quiz would fund this...

Have a poster in reception and notice boards - FOMW have raised Which has paid for ... thank you.

Could FOMW have a box on newsletter - to advertise us! And what we do - ask school.

Could parents make suggestions about what the school could benefit from with the money.

Date of next meeting: Tuesday 6th March 8pm Fox and Hounds
