

GEOGRAPHY

As geographers and linked to our British values, we will look at which countries make up Britain. We will also be learning to name and identify the world's oceans.

R.E.

We will be answering a range of 'how' and 'why' questions about belonging, meaning and truth. We will also tell stories and share real life examples of how people show care and concern for humanity and the world.

MUSIC

As musicians we will be learning and choosing instruments to create a soundscape. We will also be learning to read music to play a nursery rhyme.

Year 1 Summer Term

SCIENCE

As scientists we will be focusing on materials and their properties. We will be exploring the scientific concept of floating and sinking.

Commotion in the Ocean

DESIGN AND TECHNOLOGY

In DT we will be designing and creating our own boat. We will investigate different materials that we could use and will evaluate and improve our boats through the making process.

P.E.

In dance we will be working together to create our own underwater dance. We will be learning to perform a sequence of movements as well as integrating our own. In games we will be focusing on athletics skills.

HISTORY

As historians we will be finding out about the history of the seaside. We will think about traditional seaside games, food and entertainment. As part of British Values we will be learning more about our Royal Family.

ART

As artists we will be learning the skill of tie-dye. We will be creating artwork linked to animals that live under the sea. We will also be exploring the art skill of 'pointillism' to create our own seaside scene.

COMPUTING

In Computing we will be learning to use our new computer program Clicker7. We will explore a variety of new ways to present information.
