

SCIENCE

As scientists we will be learning about plants. We will be learning to identify and name common wild and garden plants as well as describe a variety of common flowering plants including trees.

GEOGRAPHY

As geographers we will be looking at the local area and how the land in the area is used.

R.E.

We will be learning about special books which will involve learning more about the Bible, the Torah Scroll and the Qur'an. We will be learning how they are used and why they are central to their religions.

MUSIC

As musicians we will be focusing on creating our own composition using our own notation.

DESIGN AND TECHNOLOGY

In DT we will be learning how to construct a strong tunnel using a variety of materials.

P.E.

In PE we will be developing our dance skills. We will be learning a dance as a group, as well as adding our own interpretations. We will be using a piece of music imagining we are going into our tunnel and exploring what's on the other side.

HISTORY

As historians we will be learning about the history of canals. We will also be investigating areas of the past, focusing mainly on Victorian times.

ART

As artists we will be using different skills and materials to create our own fantasy land within a box. The children will be using their own imagination to think about what their fantasy land would look like at the end of their tunnel.

COMPUTING

In computing we will be learning how to research a topic and organise the information that we find.

What lies beyond the tunnel...
